

## Large Instrument Dressing Trolley 1 Drawer

---

The world of healthcare demands precision and sterility. Crafted from high-quality 304 stainless steel with unwavering hygiene and practicality in mind. Its Tig weld manufacture ensures seamless, durable construction, while guard rails offer an extra layer of protection to help stop valuable instruments from falling off.

Navigate corridors with ease thanks to the quality 100mm swivel castors. The lockable brakes keep the trolley secured during procedures, while the smooth-rolling swivel castors allow for effortless manoeuvring.

The overall dimensions of 800mm x 500mm x 995mm (h) offer ample space for your essential medical supplies. Drawers fitted with soft close runners provide silent, controlled access to instruments and dressings, minimizing noise and disruption in sensitive environments.

**Polished for Perfection:** The electro-polished finish adds a touch of elegance and further enhances hygiene. This non-porous surface resists bacteria and simplifies cleaning, making it ideal for maintaining infection control.

**It's an investment in patient safety and healthcare efficiency. Upgrade your medical workspace with this premium**
