

## CRN801—Container Ramp

### Conquer Container Access With Our Heavy-Duty Container Ramp

Forget struggling to reach container cargo. This powerful forklift ramp bridges the gap, making loading and unloading a breeze. With a sturdy 8.0T weight capacity and a generous 2.0m ramp length, it confidently tackles bulky shipments and accommodates diverse container sizes.

#### Effortless Operations And Built-In Safety:

Front picking, the industry standard, lets you securely position the ramp with your forklift. No awkward maneuvering, just seamless container access. And for that extra peace of mind, a sturdy safety chain tethers the ramp to the container, preventing unwanted shifts and ensuring rock-solid stability.

#### The Ramp That's Built To Last:

This isn't just a ramp; it's a workhorse. The reinforced underside shrugs off heavy loads and frequent use, while the durable enamel paint finish protects against wear and tear, keeping it looking sharp for years to come.

Don't be fooled by its 275kg weight. This robust construction speaks volumes about its unwavering strength and reliability. Invest in a ramp that won't let you down – invest in efficiency and cost savings.

Working Load Limit	8000kg
Dimensions	2000 x 2200mm
Weight	275kg
