Materials Handling Solutions

RT4422 - OEASY "A" Frame Pannel Cart

Designed for transporting bulky plate-like items and difficult to-move items, such as doors, wood, stone slab, tabletop and wardrobes, etc.

Moulded-in structure adds strength and durability and prolongs the service life

Textured surfaces for non-skid and safe transporting

Grooves close to edges help prevent small items against rolling out

Notches on both sides are for secure binding of items

Flexible fixing clip helps to prevent accidental release of the handle while allowing easy Isassembly.

Durable powder-coated steel handle.
