

# **Materials Handling Solutions**

## **Capabilities Statement**

Materials Handling Solutions (MHS) provides products and services to all industries for the safe movement, lifting or holding of virtually any product. MHS has been around since the mid 1990's and has accumulated a vast knowledge in providing solutions to business. We also constantly work with the latest technologies available so the most efficient and safest outcomes are achieved for our customers. We have formed valuable relationships with some of the best manufacturers in their fields, in particular we specialize in vacuum lifting and clamping products and manufacturers like Schmalz and Vacuworx are definitely two of the best examples of companies that are constantly working to improve their products.

All our products are manufactured to the highest standards possible and where relevant Australian or international standards are in place we always conform and meet or exceed these standards.

We work closely with some of Australia's leading companies in providing these products & services to them. Clients like Ramsay Healthcare, Perth Mint, Department of Health, BOC Gas, Boral, Laminex Industries, Prok Conveyors and BHP are just a few of our customers. No matter whether you are a sole operator or one of the biggest companies in Australia we provide the same level of service to everyone. We also have insurance policies that include workers compensation and public liability to make sure that you and our staff are fully protected from unforeseen events.

Our after sale service is also one of strong points of difference. There's nothing worse than having a machine not work at a peak time when it's most needed. We can provide a range of service levels to meet your needs so that critical machinery is kept up to safe working standards and also at a time that suits your operational requirements.

I'm available by phone or email to discuss you specific requirements, contact me on 08 9258 4011 or [sales@mhsperth.com.au](mailto:sales@mhsperth.com.au) my name is Alan Grier and I look forward to forming a long lasting relationship with you. Business is full of challenges and I hope to be able to solve some of them for you.
